OUR MISSION

A non-profit organization dedicated to the support of Hospice Brazos Valley, Inc.

Our Mission is to provide financial support and enhance community awareness so Hospice Brazos Valley can continue to care for individuals and their families touched by life-limiting illness, grief and loss.

HEART ANGELS

Each of these unique clay *Heart Angels* are carefully hand crafted by Native Texan, artist Jacqueline Thomas of Victoria. The angels can be used as an ornament, given as a keepsake or more importantly as a memorial for a loved one. They are made of fine white clay and are finished with an ivory silk ribbon for hanging on a tree or a stand.

Ms. Thomas has a strong affection for hospice and requests that they are used for the sole purpose of raising funds for Hospice organizations so they can further their missions of compassionate care.

OVAL ANGELS

Oval Angels are hand cast hollow ornaments made of highly translucent porcelain highlighted with Mother-of-Pearl, then kiln fired twice and individually polished to a fine smooth sheen. Hung by a cream colored ribbon applied by hand, they glow when a light is placed inside the back of the ornament.

These treasures were designed by Nancy Jeanne whose first hand hospice experience was exceptional. Nancy Jeanne was diagnosed with Multiple Sclerosis in 1992 and died under hospice care in 2008. Prior to her death, Nancy continued to be inspired by the amazing home care and hospice staff who worked hard to give her such compassion, care and love in her last days. So inspired, she left her business to her son and daughter-in-law to continue her passion of helping hospice organizations all over the world.
